

**HEALTH REPUBLIC**  
INSURANCE OF NEW YORK

**Access to  
Doctors 24/7 –  
Free of Charge**

Now you can access board-certified emergency medicine physicians who can evaluate, diagnose, and treat a variety of minor medical conditions online or over the phone with our partners Stat Doctors. Whether you or someone in your family wakes up with the flu at 2 AM, or you forget your medication while traveling, Stat Doctors has you covered. They can even send electronic prescriptions to your pharmacy. With Stat Doctors, you have 24/7/365 on-demand access to quality healthcare anytime. Best of all, **Stat Doctors is free to all Health Republic members, regardless of plan.**

Stat Doctors is a great way to avoid the Emergency Room or urgent care center when you don't have a real emergency situation. Studies have shown that **71% of ER visits by privately-insured patients are unnecessary and avoidable.** Additionally, there's a high risk of exposure to illness in many ERs and Urgent Care Centers. So skip the hassle, save money, and stay healthy!
